

Integrated Care in Schools

Integral Care and People's Community Clinic provide coordinated school-based mental and primary health care services to Manor Independent School District students year-round. Services are available at select schools and Manor Mustang Clinic. Licensed therapists, doctors and nurses work together to provide convenient, quality care.

Counseling & support for children & families

Psychiatric services & medication for mental health

Mental health crisis assessment

Wellness checks, sick child visits & ongoing care

Mental health training for school personnel

Referrals to other programs as needed

Services are available regardless of ability to pay. We have English and Spanish-speaking staff. For other languages, we can arrange an interpreter.

Program provided in partnership with  **PEOPLE'S
COMMUNITY
CLINIC**

To enroll a student, talk to your school counselor or social worker.

Integrated Care in Schools

1 in 5 youth ages 13-18 experiences a mental illness like depression or anxiety. While school-related stress can be normal, consider referring a student to Integrated Care in Schools if you notice any of these signs:

- Significant changes in appearance or social group
- Extreme mood swings or obvious changes in personality
- Threats of hurting self or others
- Not participating in or enjoying things they used to – class, sports or social activities
- Recent loss or end of a relationship
- Physical complaints such as headaches or stomachaches

If you have questions about the Integrated Care in Schools program, please call 512-804-3118.

If you have concerns about our services or staff, please contact us at feedback@integralcare.org or at 512-440-4086.
