Request for Applications

I. General Information

AUSTIN-TRAVIS COUNTY MENTAL HEALTH AND MENTAL RETARDATION CENTER, dba INTEGRAL CARE "Integral Care" or "Local Authority" (Local Mental Health Authority 'LMHA' and Local Intellectual and Developmental Disability Authority 'LIDDA') is the Texas Health and Human Services ("HHS") designated authority established to plan, coordinate, develop policy, develop and allocate resources, supervise, and ensure the provision of community-based mental health and intellectual and developmental disability (IDD) services for the residents of Travis County, Texas. Integral Care receives funding from varied sources that enables it to provide a variety of services for people who have needs related to behavioral health and/or intellectual/developmental disabilities.

Integral Care's Mission:

To support the health and well-being of Travis County residents living with mental health challenges, substance use disorders, and intellectual and developmental disabilities.

Integral Care's Vision:

Mental Health and Well-Being for Everyone

Pursuant to Texas Health and Safety Code Sections 534.054 and 534.105, the LMHA and LIDDA have the authority to acquire services to address mental health and/or intellectual/developmental disabilities needs in their service area by certain procurement methods. This Request for Applications (RFA) invites and encourages the submission of applications (each, an "Application" and collectively, the "Applications," and any party applying, an "Applicant") from those interested in entering one or more contracts (each a "Contract" and collectively the "Contracts") with Integral Care. Each qualified Applicant(s) under this RFA (each a "Successful Applicant" and collectively, the "Successful Applicants") will be eligible to enter a Contract with Integral Care to provide one or more of the community-based services more specifically described in Section VII of this RFA. ("Services").

The individuals who will be served under this arrangement (each, a "Client" and collectively, "Clients") must always (a) meet the then-current requirements of the funder of the Services, and (b) reside in Travis County, Texas. An individual's designation as a Client may only be made by the Local Authority and must be documented in their record.

This RFA invites the submission of Applications from those interested in being considered for a Contract with Integral Care for the purpose of offering Services for Clients.

II. Eligibility Requirements

A Successful Applicant must do the following in order to become a contracted provider on Integral Care's network ("Contracted Provider"):

1) Demonstrate the ability to provide Services in compliance with Local Authority's Contract requirements.

2) Comply on an ongoing basis with the then-current version of the Local Authority's Provider Manual. The most up-to-date version of the Provider Manual can be found on Integral Care's website.

3) Meet minimum training, educational, licensing and credentialing requirements for Services delivered under this RFA, as described in this RFA.

4) Provide official documentation indicating that Successful Applicant and, as applicable, each employee of Successful Applicant who will provide Services, has undergone screening for tuberculosis within the prior year and thereafter complete such screening on an annual basis. Successful Applicant shall also follow Local Authority's policies and procedures for further requirements if screening results in a positive reading. Tuberculosis screening is not required for Applicants seeking to provide virtual only or telehealth only services.

5) Notwithstanding the above, Applicants must be eligible or registered to do business in Texas. In any situation where a consortium of providers plans to submit a single Application in response to this RFA, a single entity responsible for Services must be identified to be the party to the Contract, and must demonstrate, to the Local Authority's reasonable satisfaction, the ability to manage funds.

III. Required Provider Training

In order to be eligible to provide Services under a Contract with Integral Care, a Successful Applicant is required to, among other things, successfully complete mandatory pre-Services training in 1) Client Rights, Abuse, Neglect, Exploitation, Client Grievance, 2) HIPAA/Confidentiality, 3) Infection Control, 4) Corporate Compliance, 5) CPR, and 6) Standard First Aid. Additional trainings may be required from Applicants depending on the Services that the Applicant is seeking to provide. Successful Applicants must also complete refresher trainings annually. Information on options for completing any assigned trainings will be sent to the Applicant once the Application has been receiving and processed.

Time spent completing required pre-Service and annual refresher training is not billable to Integral Care. Successful Applicants may be eligible for training reimbursement stipends depending on the Services that the Applicant is seeking to provide.

Attachment C: E-Verify

E-verify is an Internet-based system that allows businesses to determine the eligibility of individuals to work in the United States. Integral Care requires proof of US citizenship and/or other legally sufficient authorization to legally work in the United States. Organizational Applicants are required to submit I-9 verification information through the E-verify system on each organizational group member applying for credentialing under the Application. Individual Applicants will be required to show original I-9 documents and sign the I-9 form in person at Integral Care. For a list of acceptable I-9 documents go to: https://www.uscis.gov/i-9-central/acceptable-documents. Integral Care will provide the Social Security Administration (SSA) and, if necessary, the Department of Homeland Security (DHS) and/or other appropriate agencies, with information from each prospective individual contractor's Form I-9 to confirm work authorization through the E-verify System.

Attachment E: Safe Driving Standard – Poor Driver Guidelines

Listed below are guidelines that the Texas Council Risk Management Fund, which provides liability insurance for Integral Care, follows to determine whether someone is a "poor driver" from review of the motor vehicle record or driver's record from the Texas Department of Public Safety ("MVR"). These guidelines apply to any Contracted Provider and their employees who will drive an automobile that transports Clients as either a part of or incidental to any Services.

If any Contracted Provider or its employees has four (4) or more points based on the list below, they CANNOT TRANSPORT CLIENTS.

Based on a point system, a driver with four (4) or more points (as indicated below) is considered a "poor driver." Organization Applicants who intend to provide services through its employees need to request each such employee's driver record from the Texas Department of Public Safety and review those records against the guidelines above. Applicants who are not Organizations must request their own Texas DPS driver's record and submit a copy to Integral Care's Credentialing Department. Here are the guidelines used to determine a "poor driver".

Guidelines – Based on Citations During the Previous Three (3) Years

At-fault accident (not applicable if driver provides an accident report showing that driver was not at fault)	2 points
Moving violation	1 point
No *Motor Vehicle Insurance* violation	2 points
Driving while intoxicated (DWI)	4 points
Driving under the influence (DUI)	4 points
Incidents involving BOTH an at-fault accident AND a moving violation	2 points

Incidents involving a *No Motor Vehicle Insurance* violation and a moving violation on the same day	2 points

Drug Offense	4 points
All MVRs that come back with a driver's license status of EXPIRED, DENIED, CANCELLED, SUSPENDED, or REVOKED	Automatic Exclusion
